

As a member of EVAC24 Active you will have a Personal Tracker with Emergency Panic and access to the EVAC24 Secure and EVAC24 call centre.

If the wearer has an emergency, by pressing the SOS button it can generate a text message, containing your direct GPS Location, to the EVAC24 Secure call centre. The EVAC24 Secure Centralised control room will be the 1st contact and will then accordingly respond to your emergency situation.

In the case of any threat or personal safety concern, the five nearest responders will receive your coordinates and the closest will react and go to your GPS location to help you.

For accidental emergencies you will have access to the largest fleet of ambulances and helicopters, including, but not limited to Netcare 911 and ER24. You will also have access to the EVAC24 call centre which will dispatch the closest ambulance to take you to the most appropriate hospital to meet your needs. Hospital acceptance is guaranteed.
